Authorization for this examiner's amendment was given in a telephone interview with Mr. Ballarini on 10/0/2009.

Claim 8, line 5, changed "77.27%" to --67.27%--.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose a screw made of the claimed composition having a cold-formed head

and the composition would not have been obvious since it is both critical and unpredictable as noted in the declaration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
